PROFESSIONAL SUMMARY

Frontend Developer with 5+ years of experience building responsive, high-performance web applications. Proficient in **React.js**, **JavaScript (ES6+)**, **HTML5**, **CSS3**, **Tailwind CSS**, **Bootstrap**, **Material-UI**, and **jQuery**, **Ms Word**, **Ms Excel**, **Claude Ai** with a strong focus on reusable and user-friendly interfaces. Skilled in UI/UX design using **Figma**, **Adobe XD**, and **Sketch** to deliver seamless and visually engaging user experiences. Experienced in **Git/GitHub**, **Agile workflows**, and full-stack development using **Node.js**, **Express.js**, and **MongoDB**. Proven track record of delivering scalable solutions for **UAE-based projects**, improving performance, usability, and overall user engagement.

KEY SKILLS

- Frontend:** ReactJS, JavaScript (ES6+), jQuery, HTML5, CSS3, Sass, Bootstrap, Tailwind CSS, Material-UI
- Backend:** Node.js, Express.js, MongoDB, RESTful APIs
- UI/UX Tools:** Figma, Adobe XD
- Dev Tools & Deployment:** Git, GitHub, Vercel, CI/CD Pipelines
- Other:** Ms Word, Ms Excel, Responsive Web Design, Cross-Browser Compatibility, SEO Basics, Team Collaboration

CERTIFICATIONS & TRAINING

Full Stack Development Training | Zabeel International Institute, Dubai

April 2025 - August 2025

- Completed hands-on training in Full Stack Development using the MERN stack (React.js, Node.js, Express.js, MongoDB).
- Built a mini e-commerce application with product management, authentication, and cart functionality.
- Designed and managed MongoDB databases for efficient CRUD operations and seamless data handling.
- Optimized frontend performance by applying React best practices, reducing page load time by X%.

PROFESSIONAL EXPERIENCE

ReactJS Developer | Gal Tech Technologies Pvt. Ltd | Infopark, Kerala

July 2024 – December 2025

- Developed and maintained scalable, high-performance web applications using React.js, Hooks, and modern UI libraries. Integrated RESTful APIs with Axios.
- Implemented dynamic routing with React Router DOM and developed reusable, modular UI components.
- Built reusable and modular UI components, improving development efficiency and code maintainability.
- Implemented client-side routing using React Router DOM for seamless navigation and enhanced user experience.
- Deployed applications on Vercel and Netlify, optimizing performance, load speed, and overall reliability.
- Collaborated with backend teams to ensure proper API integration and data handling.

Frontend Developer | WebCastle Media

July 2022 – December 2023

- Designed and developed responsive, user-centric web applications using React.js, JavaScript, HTML, CSS, and jQuery.
- Built dynamic and reusable UI components using Bootstrap, Material-UI, and Tailwind CSS, ensuring consistency across projects.
- Applied Sass, BEM methodology, and Gulp workflows to maintain scalable and well-structured frontend architecture.
- Integrated RESTful APIs and GraphQL services to deliver real-time and dynamic content.
- Worked closely with designers and backend developers to translate UI/UX designs into functional applications.
- Optimized website performance and responsiveness across multiple devices and browsers.

Junior Software Developer | Webandcrafts, Infopark, Kerala

May 2021 – June 2022

- Developed interactive UI features using JavaScript and libraries, including sliders, animations, and dynamic components.
- Built and maintained websites using HTML, CSS, Sass, JavaScript, WordPress, and PHP.
- Assisted in integrating frontend interfaces with backend systems for seamless functionality.
- Collaborated with UI/UX designers using Figma and Adobe XD to deliver visually consistent designs.
- Ensured cross-browser compatibility and responsiveness across various devices.

- Developed responsive web layouts using modern HTML, CSS, and tableless design aligned with W3C standards.
- Optimized application performance using lazy loading, code splitting, memoization, and caching techniques, reducing page load time by 30–40% and improving Lighthouse scores.Ensured cross-browser compatibility and mobile responsiveness for all projects.
- Assisted in debugging and fixing UI/UX issues to improve overall application quality.

EDUCATION

BTech in Computer Science Engineering | University of Calicut
MEA Engineering College | Malappuram, Kerala

May 2018
